~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

2013 BILL

X Gen

- 1 AN ACT *to create* 346.37 (3) of the statutes; **relating to:** traffic control at
2 nonfunctioning or malfunctioning traffic control signals.✓

Analysis by the Legislative Reference Bureau

Under current law, certain requirements apply to traffic controlled by traffic control signals exhibiting different colored lights, including that traffic stop at a red signal. Current law also requires traffic to stop at an official stop sign.✓

Under this bill, if a traffic control signal suffers a loss of power or otherwise malfunctions so that the traffic control signal does not exhibit any color of light,✓ traffic must proceed at the traffic control signal as if the traffic control signal were a stop sign, unless otherwise directed by a traffic officer.✓

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 3 SECTION 1. 346.37 (3)✓ of the statutes is created to read:
4 346.37 (3) If a traffic control signal✓ suffers a loss of power or otherwise
5 malfunctions so that the traffic control signal does not exhibit any color of light,
6 vehicular traffic, pedestrians, and persons riding bicycles or✓ electric personal
7 assistive mobility devices✓ shall proceed at the traffic control signal✓ as if the traffic

1 control signal were an official stop sign and shall comply with the requirements
2 applicable under ss. 346.18 (1) ✓ and (3) ✓ and 346.46 (1) ✓, (2) ✓, and (4) ✓, unless otherwise
3 directed by a traffic officer. ✓

4 (END)
